

FIG. 1 is a schematic diagram of a device 10, which is a cross-sectional view of a device 10, showing a central core 22, a first layer 24, a second layer 28, and a third layer 30. The device 10 is shown in a cross-sectional view, with the central core 22 being a rectangular block, the first layer 24 being a layer of material surrounding the central core 22, the second layer 28 being a layer of material surrounding the first layer 24, and the third layer 30 being a layer of material surrounding the second layer 28. The device 10 is shown in a cross-sectional view, with the central core 22 being a rectangular block, the first layer 24 being a layer of material surrounding the central core 22, the second layer 28 being a layer of material surrounding the first layer 24, and the third layer 30 being a layer of material surrounding the second layer 28.
